

R.B., thank you so much for the beautiful crystal piece! I am absolutely thrilled that BOS is doing so well; and I'm convinced that it is because of your hard work and dedication to your customers!

I am truly honored and humbled that you would include my name on the list of those you wanted to thank... especially since it has been ~~such~~ a long time since I was on the job at LSS/USS.

But I must say that people like you, R.B., are the reason that I loved that job so much!!

Best of luck in coming years + God Bless!
Ms. Faye
